

# Large Tongue Mass on 9 year old boy

Dr Bryan McLelland, DDS

Check out the App at

[www.dentistbraincandy.com/app](http://www.dentistbraincandy.com/app)

This was painless  
except when it was  
bit.

Any bigger and the  
patient has to give this  
a name.

One week later it was tough to see where the incision was!
